

## Dura\*Kold® Arthroscopic Knee Wrap /CPM Knee Wrap

### Ideal Application

Provides extended cold therapy to the knee area for acute, chronic, or post-surgical applications. Cryotherapy can reduce pain, swelling and facilitate faster rehabilitation.

### Features and Benefits

- Long term cold therapy with DuraKold's ice mat of purified water
- The ice mat is sewn into the wraps, keeping the water pillows in place and applies easily
- Even adjustable compression with contact closures
- Keeps patients comfortable and dry while allowing mobility

Arthroscopic Wrap
